To whom it may concern

Dear Sir or Madam:

The company ООО "Merz Pharma" hereby expresses its respect and confirms the following:

In March 2018 a state inspection was planned for two Merz plants in Germany, for which we required highly professional interpreters. The Russian department of Merz had not had any experience in the cooperation with any such translation and interpreting companies.

We were therefore advised to contact Mr Alexander Podarewski.

In the course of one week, Alexander Podarewski and his colleague interpreted simultaneously from German into Russian and from Russian into German.

At the end of the inspection, the lead inspector thanked the interpreters for their professional work.

As a result of the inspection, both plants received positive reports on the compliance with GMP regulations. The fact that we achieved such a result can largely be attributed to Alexander Podarewski and his team.

Yours sincerely,

Medical Director of

ООО "Merz Pharma"
