## Letter of reference

Dear Mr Deli:

inlingua stands for quality and flexibility when it comes to services involving languages, including translation services.

For reference purposes, we would like to certify that for several years, we have been commissioning the company AP Fachübersetzungen with specialist translations in over 20 languages for the areas of medicine, pharmacy, law and technology.

The texts translated were mostly technical specifications and presentations, data sheets, handbooks, medical reports, pharmaceutical package leaflets and training materials, guides as well as a multitude of court documents etc.

The translations, with or without certification, have always been completed and delivered on time or ahead of schedule and to our utmost satisfaction. We know all the employees at AP Fachübersetzungen to be extremely friendly and helpful, especially when handling urgent projects.

We can thus warmly recommend the company AP Fachübersetzungen and we look forward to working with them again.

Yours sincerely,

Mit freundlichen Grüßen

inlingua Sprachenschule e.K.
